

Volunteer Fire District Memorial

This memorial wall, located behind the fire hall, was built in 2005 and dedicated first to our brother and sister members who have passed, as second to all those who have made a difference, no matter how significant - - to those left behind.

An engraved memorial brick can be purchased by contacting any Fire Company member.

This is dedicated to those gallant heroes, both military and civilian, who gave their lives for the Freedom we so shamefully take for granted day to day ~
